Description

Built-in 2012 to comprehensive specifications, this 40 Meter Sunseeker has been tastefully appointed with contemporary yet inviting colors and furnishings and enjoyed only for private use. With an extensive refit by world renowned San Lorenzo in 2020, her refined interior arrangement is well complimented by both her striking exterior design and Kingston Grey Hull. This 40 Meter can very comfortably accommodate 11 guests in 5 well-appointed staterooms including a stunning full-beam Master Stateroom, while still reserving separate accommodations for up to 7 crew members. Her M93 12V4000 Engines provide great performance for this class vessel and she has been cosmetically and mechanically maintained to the highest standards. 5-year RINA inspection completed in 2021.
